

Experience on the air

KAUR-FM radio station is located in Old Main and is designed to serve the college and Sioux Falls.

According to Jane Wagers, general manager, KAUR is a lab situation.

"Students come in and actually work with the equipment on the air. It's hands-on learning," said Wagers.

Participation in KAUR was very good this year said Wagers, with a waiting list to fill disc-jockey time slots.

KAUR won two Addy awards for promotion work done by Rob Joyce this year. Promotion, as well as news combine with the total album format to complete the KAUR program.
